Try to do a small scale Research project and take students

Research activity

Reflect on what I can emphasis in my role now to take forwards skills that I didn't have the confidence or recognise as a skill before.

I have focused on clinical all years of my physiotherapy practice and advanced practice had highlighted my likes for other pillars and to focus on it more thank you for a great event

Improve the recording of my education. Plan and audit within my service.

Consider CPD champion role in the team. Re-design my CPD record of learning to incorporate the 4 pillars.

IST development

Ensuring education and reflection is part of daily routine Case studies and sharing these Sharing learning in the team and organisation

Focus reflect apply and disseminate
